- **Technologies Used:** Python, Google API/SMTP  
Automate Gmail reminders for employee bonus eligibility using an Excel sheet with details including date hired, months until bonus, and bonus amount.

## Experience

### Registered Charge Nurse (BSN-RN)

SCA, Orlando, FL | 01/2022 - Present

- Coordinated surgical and staff schedules, led nursing staff of 3-6 in care of between 20-40 surgical patients daily, and delivered comprehensive patient care. Raising patient outcomes, efficiency, and implemented strategies decreasing patient-care incidents by 30%.

### Surgical RN (BSN-RN)

Oviedo Medical Center, Oviedo, FL | 11/2023 - 01/2024

- Prepared 10-30 inpatient and outpatient patients for surgery, monitored post-anesthesia recovery, and implemented nursing interventions to prevent postoperative complications.

### Registered Nurse (BSN-RN)

Gulf Breeze Hospital, Gulf Breeze, FL | 09/2021 - 01/2022

- Provided nursing care in a 30-bed medical-surgical telemetry unit, oversaw patient care plans, and refined education for patients and families to decrease readmission by 8%.

### Electronics Specialist

Target, Pensacola, FL | 12/2017 – 05/2021

- Lead electronics sales and customer service, maintained inventory, executed sales strategies to an increase in sales by 10%, provided technical support, and ensured product display quality. Collaborated with team for optimal customer experience and kept abreast of technology trends.

### Finance Supervisor

Big Kahunas Water and Adventure Park, Destin, FL | 05/2015 – 09/2017

- Supervised financial operations including nightly count and brinks deposit of up to \$40,000, budgeting, forecasting, and reporting financial anomalies. Ensured compliance and cost control, led financial strategy development, and directed a finance team for optimal financial performance leading to margin-error decrease from around 10% to about 5%.

## Education

### Bachelor of Science in Computer Engineering (Current)

Florida International University

### Bachelor of Science in Nursing (08/2021)

Minor in Computer Science

University of West Florida
